My name is Michael Kraynak. I am the Director of Environmental Inspections for the Stamford Health Department. For the past 42 years, I have worked in Public Health. Additionally I am one of the founding fathers of the Connecticut Association of Housing Code Enforcement Officials organized in 1971.

I am here today to voice my support as Director of Environmental Inspections for the City of Stamford Health Department and also as a member of Connecticut Association of Housing Code Enforcement officials for SB 957 an act concerning neighborhood protection.

As proposed SB 957 will be the much needed tool assisting all communities in Connecticut to address with dispatch those problems accompanying vacant and foreclosed residential structures.
